2021 Bibb County School District/Middle Georgia Regional Technology Competition Coordinator Information

We are pleased to announce that this year's Technology Competition will be held virtually. Student project submissions will be entered in a video format with supporting documentation, this includes citations. Students may want to digitally document as they create their project in case they want to include them in the final presentation.

STUDENT REGISTRATION	**Project Judging Dates**
February 1 - 11, 2021	March 3 - 7, 2021
Student Project Submission Dates	**Place winners will be announced**
February 28 - March 2. 2021	March 11, 2021

Regional first-place winners will have the opportunity to compete at the state level in the Georgia Student Technology Competition to be held virtually in April 2021.

Schools should do the following:

- Select your Technology Competition Coordinator and fill out the online Coordinator survey no later than November 8, 2020. The survey is located in the **What Schools Should Do** section of the **BCSD Technology Competition 2020 Website** at www.bcsdk12.net/techcompetition. Schools may have more than one TC Coordinator, each person should complete a survey.
- Review the Technology Competition guidelines regarding school level deadlines, project category information, judging rubrics, etc. All guidelines are located on the Technology Competition website.
- Begin communication with students, staff, and parents promoting the Technology Competition.

Technology Competition flyer is attached and is located on the Instructional Technology Competition website. Please print and place around the school. You could also add the flyer to your website.

Schools may register up to **two (2) projects** in each grade level category to compete at the Regional level. Entries may be individual or team; however, a team may consist of no more than two (2) students. Teams and individuals compete together. Each student may only enter one (1) project. **Registration** will take place from **February 1-11, 2021.**

School Technology Competition Coordinators will register their school's participants. Submit signed Parent/Guardian participation permission forms to attention of Vicki Boatwright, in the Instructional Technology Department at SOAR Academy no later than February 11, 2021.

The Technology Competition is open to all BCSD students in grades 3-12. Any student in an alternative educational setting must compete at his/her assigned home school. For more information, visit our website www.bcsdk12.net/techcompetition or contact Vicki Boatwright, vicki.boatwright@bcsdk12.net.

Categories for competition are:

- 3D Modeling
- Animation
- Audio Production
- Digital Photo Production
- Game Design
- Graphic Design
- Mobile Apps
- Multimedia Applications -**grades 3-5 only**
- Productivity Design
- Project Programming
