

How to Share a SMART Learning Suite Lesson with Students

To share a lesson with students:

- On the home screen for the SLSO, find the lesson you would like to share.
- Click the 3 dots (ellipsis) for that lesson's icon.
- Click "share link".
- Click "Get student access link."
- Click the "copy option".
- You can then paste this link to share with your students.

*When students click on the link, they will have to log in with their BCSD **Office 365** credentials.
